LBJ Hits Congress On Taxes

WASHINGTON (AP) — President Johnson hurled a "black-mall" accusation Friday at Congress members who, he charged, are stalling a tax increase in hope of forcing impossible deep spending cuts.

Johnson gave nearly nine minutes of a news-packed, 30-minute news conference—the first to be televised and broadcast nationally since Nov. 17—to an angry assault on lawmakers who he said are "courting danger by this procrastination" on his proposal for an anti-inflationary surtax.

The President also: —Announced he has notified North Vietnam of U.S. readiness to start preliminary peace talks May 10 in Paris. Hanoi had broadcast its acceptance of the time and place two hours earlier.

—Denounced criticism of the government's war-and-peace strategy by those "pursuing personal ambitions that result in dividing our people." But he rejected the idea of a campaign moratorium on discussion of Vietnam.

—Urged nonviolence upon the Poor People's Campaign marchers who are headed for Washington. Johnson predicted Congress will weigh seriously any proposals that are made "lawfully and properly" to help the poor.

Opinion was split on Capitol Hill whether Johnson's bristling attack on congressional delay had helped or hurt his effort to win enactment of a 10 per cent surtax to curb inflation and bulwark the dollar against foreign gold speculators.

The senior Republican on the House Ways and Means Committee, Rep. John W. Byrnes of Wisconsin, said in a statement that Johnson has "killed the chances for the tax bill."

Senate Democratic Leader Mike Mansfield of Montana disagreed. "I was delighted he spoke out as he did and laid it out for us and the people," Mansfield said.

Johnson plainly was braced for a question on the tax issue. Standing away from the lectern in the East Room of the White House, he moved forward to deliver what amounted to a 1,200-word speech.

He denounced what he called obstacles raised by Chairman Wilbur D. Mills, D-Ark., of the Ways and Means Committee, and by others who helped shelve the bill three times.

If Congress members dislike his \$186-billion budget, Johnson said, "then stand up like men and answer the roll call and cut what they think ought to be cut." He wound up the eight-minute lecture with this:

"But don't hold up a tax bill until you can blackmail someone into getting your own personal viewpoint over on reductions."

The President said he had

Corps to Issue River Forecasts

Effective Thursday, May 9, the Federal-State River Forecasting Service, Weather Bureau Office, Pittsburgh, will issue three-day river forecasts for Warren and West Hickory, river gauges for the benefit of fishing and boating interests in the upper Allegheny River. As this program develops river forecasts for gauges at Tidoute and Tionesta are expected to be included. These forecasts will be issued each Thursday throughout the summer so that fishing and boating interests may plan their weekends accordingly.

The river forecasting service will initiate calls and issue the forecasts to information centers to be announced along the upper Allegheny River.

The first release will be furnished the information centers around noon Thursdays. If appreciable rainfall occurs or if the Corps of Engineers advises that there will be a significant change in the proposed operations at Kinzua Dam revised forecasts will be prepared later on Thursday and again Fridays and furnished the information centers. Unless a revision of the first forecast released on Thursday noon is made, no further advisory other than the first one will be issued by the river forecasting service. Each information center will have a control sheet posted containing the latest forecasts.

PRESIDENT CAUTIOUS

Paris Picked as Site For Viet Peace Talks

WASHINGTON (AP) — President Johnson announced agreement with North Vietnam Friday to begin preliminary peace talks in Paris May 10 or shortly thereafter.

Johnson immediately coupled his announcement in a national television news conference, with a sober warning against expecting these first direct U.S.-North Vietnamese talks will quickly end the war.

He said "We hope this agreement on initial contact will prove a step forward and can represent a mutual and a serious movement by all parties toward peace in Southeast Asia."

But the President added: "I must, however, sound a cautionary note. This is only the very first step. There are many, many hazards and difficulties ahead."

Actually, the preliminary sessions are expected only to determine whether there is a mutually acceptable basis for serious peace negotiations.

First public word of a break in the month-old stalemate over a site for the proposed preliminary talks came in a Hanoi broadcast heard by U.S. monitors shortly before Johnson's 10 a.m. EDT meeting with newsmen.

It was Johnson's first scheduled, live-televised news conference since Nov. 17—but administration officials insisted the President had no secret, advance knowledge of the Hanoi decision on Thursday when he scheduled the conference.

The Hanoi statement—after customary Communist language denouncing the United States for aggression in Vietnam—followed this with announcement of agreement to dispatch a special envoy to Paris.

North Vietnam believes, the broadcast said, "Paris, just as Phnom Penh (Cambodia) and Warsaw (Poland), is an appropriate venue for the formal and bilateral talks" with the United States, it said.

"These formal talks will begin on 10 May, 1968 or a few days later."

In the maneuver over a site since the opposing sides first declared their readiness for direct talks April 3, the United States had suggested 15 possible Asian and European capitals while North Vietnam held to Warsaw and Phnom Penh.

Bodies and Wreckage Scattered over Area

DAWSON, Tex. (AP) — A Braniff International Electra exploded while flying in a rain storm Friday, scattering bodies and wreckage over half mile square area.

Braniff said there were 84 persons aboard—79 passengers and five crew members. There were no survivors.

The plane fell about one mile east of this little central Texas farm community. Dawson is about 25 miles southeast of Corsicana and about 90 miles south of Dallas.

The flight was Braniff 352 en route from Houston to Dallas. It was due in Dallas at 4:58 p.m., and was to have gone on to Tulsa, Fort Smith, Little Rock and Memphis.

Jerry Strader, publisher of the Corsicana Sun, was one of the first at the scene.

"I saw no survivors, no bodies intact," he said. "At least 50 per cent of the bodies appeared to be burned."

"The pieces of the plane were just fragmentary. The largest piece I saw was just a portion of the landing gear."

Strader said he found what appeared to be an engineer's flight plan and turned it over to a Texas Department of Public Safety officer.

"You couldn't tell whether it was a plane crash or a train wreck—pieces of wreckage were so small," Strader said.

Rain fell heavily as ambulance drivers and other rescue workers picked up pieces of bodies and wrapped them in sheets.

Witnesses said the plane exploded in the air and plummeted through the storm like a ball of fire.

Dean Montgomery saw the plane blow up as he drove with his wife and two children about two miles east of Dawson.

He said the plane exploded once and then a second time.

An Electra is a four-engine turbo prop plane, meaning that it uses a combination of jet engines and propellers.

Braniff lost one Electra previously, in 1959, when an airliner crashed near Buffalo, Tex., 50 miles southeast of Dawson.

251 Cong Killed Near Saigon

SAIGON (AP) — South Vietnamese forces reported to day killing 251 Viet Cong in a series of sharp battles on three sides of Saigon.

The fighting developed at points from 8 to 28 miles from the capital Friday at a time when North Vietnam and the United States agreed to hold preliminary peace talks in Paris.

Authorities in Saigon are braced for another enemy assault on the city but there was no sign that the battles were part of a major Viet Cong push.

In the largest engagement, Vietnamese infantrymen and armored units claimed 194 Viet Cong killed about 28 miles southwest of Saigon and six miles north of the Mekong Delta city of My Tho.

A South Vietnamese military spokesman said the government force lost 9 killed and 31 wounded.

The spokesman also reported a heavy Viet Cong shelling early Saturday against Tay Ninh City and its environs, 50 miles northwest of Saigon near the border of Cambodia.

The enemy was said to have fired about 410 mortar and rock

Bell Offers \$21 Million Package; Talks Recess

PHILADELPHIA (AP) — Talks between Bell Telephone Co. and the Federation of Telephone Workers of Pennsylvania recessed late Friday night, shortly after Bell proposed a \$21 million wage and benefit package.

The negotiators, scheduled to resume talks this morning, met face to face Friday for the first time in several days.

However, despite Bell's offer, which it said would benefit "every employee," there was no word of a settlement.

The talks have been deadlocked since April 23, when the union asked for an \$11.7 million wage increase package. The company offered \$7 million.

Negotiations were suspended earlier this week in the face of arguments over an injunction obtained by Bell against mass picketing. Some 28 pickets were jailed briefly for violating the order.

On Friday Philadelphia Common Pleas Court Judge Edward J. Griffith dissolved a mass picketing injunction against Communications Workers of America. That union has been striking Western Electric, a Bell sister company, but tentative settlement has been announced in that dispute.

The judge declined however to dissolve the injunction against the federation which says it represents 13,000 Bell employees. It struck Bell April 25 while seeking higher wages under a wage reopener agreement midway through a three-year contract.

Federation negotiators had been withdrawn from scheduled negotiations Thursday after the jailing of the 28 pickets. The pickets later were released, however, after conferences. Union spokesmen had said earlier the talks were off until the hearings on the injunction were ended.

Unlikely Bombing of North Viet Will Cease With Talks

WASHINGTON (AP) — The United States appears unlikely to halt all bombing of North Vietnam at least until U.S. diplomats can determine how seriously Hanoi is willing to bargain in the Paris talks.

Pentagon officials refused to discuss the possibility of further bombing limitations or a total cessation in connection with the talks.

But the recent thinking of top administration officials, as expressed publicly and privately, tends to discount the notion that all bombing of North Vietnam would end with the opening of the U.S.-North Vietnamese meetings in Paris next week.

The key to whether there will be a total bombing halt appears to lie in the attitude of North Vietnam's diplomats as that attitude unfolds.

In his March 31 speech launching the new initiative, President Johnson ordered bombing operations restricted to a region extending about 200 miles south of the 20th parallel. This spared nearly 90 per cent of North Vietnam's population and about 75 per cent of its territory, including Hanoi and the port of Haiphong.

Later, without announcement, U.S. bombers were limited to the region below the 19th parallel, thus excluding another 60 or so miles from bombing. This has never been acknowledged officially.

High administration officials have told newsmen in recent days that a total bombing halt is possible if it appears that talks

would proceed, that the North Vietnamese are serious about finding a way to end the hostilities, and that Hanoi would not take advantage of a cessation.

"We're likely to enter a good deal as negotiations start," one authority said.

The emphasis in high administration quarters is on the importance to remain as flexible as possible—and for this reason all are under a presidential admonition to say nothing about what further steps the United States might be willing to take.

In his March 31 speech, John-

son restated his "San Antonio formula" this way:

"That the United States would stop its bombardment of North Vietnam when that would lead promptly to productive discussions—and that we would assume that North Vietnam would not take military advantage of our restraint."

The key word in this formula would seem to be "productive"—and the United States can hardly tell whether or not the Paris talks will be productive until after the diplomats sit down together.

UAW Confirms Plans For Split With AFL-CIO

ATLANTIC CITY (AP) — The United Auto Workers Union confirmed Friday plans to sever its last significant link with the AFL-CIO by stopping payment of its yearly \$1 million dues.

A UAW spokesman said the action will be submitted in the form of a resolution for approval by the delegates to the union's 21st Constitutional Convention opening here today.

"Its approval is a certainty," the spokesman said. "The rank and file has been hollering for it for years."

UAW President Walter P. Reuther and other top officers were not available for comment.

The union spokesman said the money would be put into an escrow account to be paid back if and when the union settles its dispute with the labor federation.

"If the AFL-CIO wants to call it blackmail, then let them call it blackmail," the spokesman said. "We're going to work on

our timetable at our convenience, not theirs."

Withholding the dues is seen in most quarters as a move by Reuther to pressure the giant labor federation into calling a special convention. It also would save the Auto Workers money if Reuther carries out his frequently repeated threat to make a complete break with the 14.3 million-member federation.

He and other top UAW officers have resigned their federation posts within the past 18 months since the UAW has been feuding with the AFL-CIO and its president, George Meany.

The only link now would be in name only.

Reuther, who says the federation has stagnated, wants the special convention for the purposes of trying to make it "a modern and progressive labor movement."

The UAW, with 1.4 million members and the largest union in the federation, still has not paid its February and March dues that were to be paid in mid-April. The AFL-CIO constitution calls for the automatic suspension of any union three months in arrears.

The UAW convention also will serve as a political forum for at least two of the major presidential candidates, Vice President Humphrey will address the delegates Wednesday followed by Democratic Sen. Robert F. Kennedy of New York on Thursday.

Scheduling difficulties forced Sen. Eugene J. McCarthy of Minnesota to cancel. In addition, Gov. Nelson Rockefeller of New York may come in Friday.

There's also the possibility that President Johnson may make a surprise visit.

3 Heart Transplant Patients 'Doing Well'

By THE ASSOCIATED PRESS

Three middle-aged men, two in the United States and one in London, fought to survive Friday night after heart transplants—the second, third and fourth in a week. All three were reported doing well.

Transplants were performed Friday in Houston, Tex., and London, following by less than 24 hours a transplant operation in Stanford, Calif. A heart transplant was performed in Paris Saturday, but the patient died Tuesday.

In Houston, doctors said that Everett Claire Thomas, 47, an accountant from Phoenix, Ariz., was "doing fine" after receiving the heart of Mrs. Charles L. Martin III, 15, who died of a gunshot wound to the brain.

Surgeons said Thomas was awake three hours after the operation and that he had shown no sign of rejecting the new heart.

Doctors in London did not identify the recipient of the heart in Britain's first transplant operation except to say the patient was a man of 45.

Newspapers identified the donor as Patrick Ryan, 26, a building worker who was killed in an accident. The doctors said the patient's condition was "entirely satisfactory."

The third patient, Joseph Rizzor, 40, a carpenter, was reported in fair condition in Stanford, Calif., after Thursday's transplant, but doctors warned he still faces a critical period.

They said the transplanted heart—taken from Rudy F. Anderson, 45, of San Carlos, Calif., who died of a brain hemorrhage

Chautauqua Co. May Use Paper Ballots For Special Election

MAYVILLE, N.Y. — Chautauqua County voters may be in for a new experience when they vote on the proposed new county charter. Richard O. Evans, chairman of the board of supervisors, said Friday that serious consideration is being given to a paper ballot rather than using Jamestown made voting machines.

Evans said that using paper ballots would result in a substantial savings. He said the cost of the special election with the paper ballots would still be in excess of \$15,000.

The board chairman said if voting machines were used in the county's 125 voting districts the cost would be even greater.

No specific date has yet been announced for the special elec-

tion but authoritative sources at the county courthouse indicate the vote will come in July. Several groups in the county have recently criticized the county government study commission for advocating a special election. The critics point out that more people would vote on the charter at the general election in November than in July and that the cost of conducting the election would be significantly less.

The proposed charter, which is the subject of a great deal of local debate, must win the support of a majority of the county's 27 towns and the two cities in order to be adopted. Should the charter be approved by only the cities and not the towns, it will be rejected. The reverse is also true.

ON THE CAMPAIGN TRAIL

Nixon

EVANSVILLE, Ind. (AP) — Republican Richard M. Nixon accused some Democratic candidates for the White House Friday of talking about concessions to the Communists in a fashion that could torpedo the Vietnam peace negotiations due to begin in Paris May 10.

"Let's not destroy the chances for peace with a mouthful of words from some irresponsible candidate for president of the United States," Nixon said.

That drew a burst of cheers and applause from a crowd estimated at 4,000 people at Concoria College in Fort Wayne.

Nixon named no one, but made clear his words were directed at Sen. Eugene J. McCarthy and Sen. Robert F. Kennedy, campaigners for Indiana's Democratic presidential primary next Tuesday. He said some Democrats already have indicated concessions they believe should be made in Vietnam peace talks.

"Put yourself in the position of the enemy," Nixon said. "He is negotiating with Lyndon Johnson and Secretary (of State Dean) Rusk. And then he reads in the paper that... a potential president of the United States

will give him a better deal than President Johnson is offering him.

"What's he going to do?" Nixon asked. "It will torpedo those deliberations. It will destroy any chance of bringing the negotiations to an honorable end. The enemy will wait for the next man."

By that, Nixon said, he meant that the Communists would be likely to await the elections in hopes that the new president would offer them "a better deal" than the Johnson administration.

McCarthy

preliminary talks with Hanoi. McCarthy, who has been critical of the President's war policies, coupled his statement with a promise that if he is elected president he will improve what he called Johnson's bad relations with Congress.

McCarthy blamed friction between the White House and Capitol Hill for delay in passage of a tax increase. He said he had never seen such animosity as he said exists between Secretary of State Dean Rusk and the Senate Foreign Relations Committee

over Vietnam. He promised if elected to eliminate these frictions.

In appealing for votes in Indiana's presidential primary Tuesday, McCarthy avoided any victory claims in his contest with Sen. Robert F. Kennedy, D. N.Y., and Gov. Roger D. Branigan.

In his discussion of war policies, McCarthy said the people ought to be told just what the administration's intentions are in the forthcoming Paris negotiations.

Kennedy

long, it indicates the difficulty we still face in reaching agreement with North Vietnam, the Viet Cong and the National Liberation Front.

Kennedy expressed the fear that the "fighting is going to continue in South Vietnam even while the negotiations are going on."

"I fervently hope both sides will seek to stop the killings as early as possible and that an international force might be brought in to supervise a cease fire," he said.

The New York Democrat hoped scotchd Indiana's small towns from south to north in a small twin-engine airplane capable of landing on the short pastures and paved strips that serve as airports for towns like Madison, Crawfordsville and Greensburg.

The 42-year-old Kennedy is expending enormous amounts of energy in his Indiana primary battle with Sen. Eugene J. McCarthy and Gov. Roger D. Branigan as Tuesday's balloting approaches.

Humphrey

"This is the most amazing thing. The last time anyone walked out on me was when I pleaded for civil rights in the 1948 Democratic convention at Philadelphia." That was the year Southerners left the convention and set up a Dixiecrat movement.

A minute or so later a band of 50 or so white students, some raising hands in a peace sign, also walked out.

While Humphrey was ques-

tioned by a student panel a young Negro, Robert Pickett, said he had lost faith in "the American dream" because that dream did not include Negroes.

Pickett was applauded when he asked Humphrey what he would do as president "to restore my people's faith in the American dream."

"The only reason I want to run for President," Humphrey replied, is to erase that feeling from "your spirit."

Viet

et rounds against the city, an airstrip just outside and several South Vietnamese military posts in the immediate area. The spokesman reported a Vietnamese soldier killed and 39 persons wounded.

Eight miles north of Saigon, government forces claimed 25 Viet Cong killed against their own casualties of 2 killed and 22 wounded.

About 20 miles to the west of Saigon, South Vietnamese infantrymen reported killing 32 Viet Cong while sustaining 4 killed and seven wounded themselves. American troops also were in action near the capital.

U.S. artillery, fighterbomb-

ers and helicopter gunships pounded Friday night and early Saturday at enemy troops caught in flatlands 18 miles northwest of Saigon.

U.S. spokesmen said an estimated 200 Viet Cong were spotted Friday moving toward Cu Chi, headquarters of the 25th Infantry Division. Fighter-bombers and gunships raked the area, killing 31 of the enemy.

In Saigon Friday, the Viet Cong pulled off one of their boldest terrorist attacks since the Tet offensive in February, packing a taxi with TNT and blowing it up in the heart of the capital a block from the U.S. Embassy.

The blast wrecked a church-sponsored student center and damaged South Vietnamese and American television buildings, killing three Vietnamese and wounding 25 Vietnamese and five Americans.

\$1,000 Damage

Damage totaled \$1,000 in a three car pileup on Rt. 62 north of Warren Friday afternoon. Shirley J. Carlson, 24, Valentine Run rd., Russell, and Laverna Young, 69, Main st., Youngsville were stopped on the highway waiting for a car ahead to make a turn, state police said, when a car operated by John Keith Nelson, 18, 10 Elm blvd., ran into the rear of the Carlson car driving it into the Young vehicle. No injuries were reported.

Dies in Mishap

Stewart G. Anderson, 37, 660 Foote ave., Jamestown, N.Y., was killed Friday in a head on collision near the entrance to Jamestown Municipal Airport on Rt. 60. His car met with a vehicle operated by Raymond T. Kienl, 18, RD 1, Gerry, N.Y., who was in satisfactory condition at WCA Hospital.

Local Firm Suing GFC

Struthers Scientific and International Corp. brought two law suits this week against General Foods Corp. for alleged patent infringement and "trade secret" violations centering on a process for freeze drying coffee, according to a Wall Street Journal report.

The Struthers Wells subsidiary which has offices in Warren also brought a similar suit against General Foods in February. General Foods, maker of Maxim freeze dried coffee, claimed it has five patents issued on the process and has others pending.

Struthers Scientific was awarded a patent, pending since Dec. 1965, on Tuesday. Two men involved in the development of the Struthers process were awarded patent awards here early in the week.

Struthers according to the Wall Street Journal report, charged General Foods with breaching contracts and is seeking an injunction to halt further production of the coffee concentrate at General Foods plants in New Jersey and Texas.

Struthers is seeking damages plus royalties on the coffee produced, the report stated.

Fatal injuries, none; non-fatal injuries, 8; accidents involving bikes, 2; involving pedestrians, none; hit-and-runs, 6; local drivers involved, 18; out-of-town drivers, 15; male drivers, 27; female drivers, 6; and total property damages \$5,962.

Epstein at Meet

A four-day program with speakers and presentations covering timely topics ranging from civil unrest to the 1968 election issues was the setting for the 56th Annual Meeting of the Chamber of Commerce of the United States held in Washington, D.C. from April 28-May 1. Representing the Warren County Chamber of Commerce was executive vice president Barry R. Epstein.

Poor People's March on D.C. Has Its Recruiting Problems

MARKS, Miss. (AP) — The Poor People's March on Washington, an infant that hopes to grow into a political giant, wrestled with organizational and recruiting problems Friday.

"We are setting teams to fan out and tell these people what we are trying to do and how they can help," said the Rev. James Bevel, a bearded Southern Christian Leadership Conference spokesman.

The march, brainchild of the late Dr. Martin Luther King, is an attempt to draft the SCLC's technique of provocative but non-violent "constructive tension" onto a push for economic change.

Four Area Servicemen Killed in War

Four more servicemen from Northwestern Pennsylvania have been reported killed in action in Vietnam according to the Defense Department.

They were Army Cpl. Valentine A. Ochs, son of Mr. and Mrs. Charles H. Ochs, Sandy Lake; Army Pfc. Joseph R. Bennett, husband of Mrs. Jeanne R. Bennett, Titusville; Navy Hospitalman Albert A. Peterson, son of Mrs. Martha Peterson, Emporium; and Marine Cpl. Richard W. Kanonezyk, Erie.

Bennett, 20, had been reported missing in action since March 24. He graduated from St. Joseph's Academy in 1966 and entered the service in September 1967. He arrived in Vietnam March 4 and had been stationed with Co. C of the 501st Inf., 101 Airborne Division at Hue.

Kanonezyk, also 20, was a 1965 graduate of Erie Technical High School. He had been in the Marines for two years and in Vietnam since last November. He was killed by enemy rifle fire while on patrol in Quang Nam Province, his parents said.

From this small beginning, here in this quiet Delta town (pop. 2,600), SCLC hopes to develop the campaign into a political movement of the poor, black or white, with the power to prod Congress into action.

"This is no longer a civil rights thing," said Bevel. "This is economic. We intend to force the power structure of this country to divert more energy—and by that I mean money—into getting 40 million Americans into this nation's economic mainstream."

Of the 360 who made the opening day trip from Memphis Thursday, about 220 remained for the long haul. The rest returned to Memphis, some 70 miles north of here.

The town, apprehensive at first, settled into something approaching normal routine—except that Quitman County's four all-Negro schools were closed because the 130 teachers didn't show up.

Bevel said the Negro teachers were protesting the violence that erupted Wednesday when highway patrolmen, swinging rifle butts, dispersed a sit-in demonstration outside the county jail.

Negroes Seize School Office

EVANSTON, Ill. (AP)—A band of Negro students seized control of a Northwestern University office building Friday and said they are determined to remain barricaded until the school's officials meet their demands.

Demands included one for an

About 350 youngsters and some teachers from Quitman County Industrial High staged the demonstration to demand the release of an SCLC advance organizer, arrested while recruiting at the school.

The seven arrested during the incident, charged with disturbing the peace, were free on \$500 bond.

The SCLC is here mainly to recruit many of the area's rural poor for the march on Washington—with the Memphis contingent to erect a shanty town in the capital.

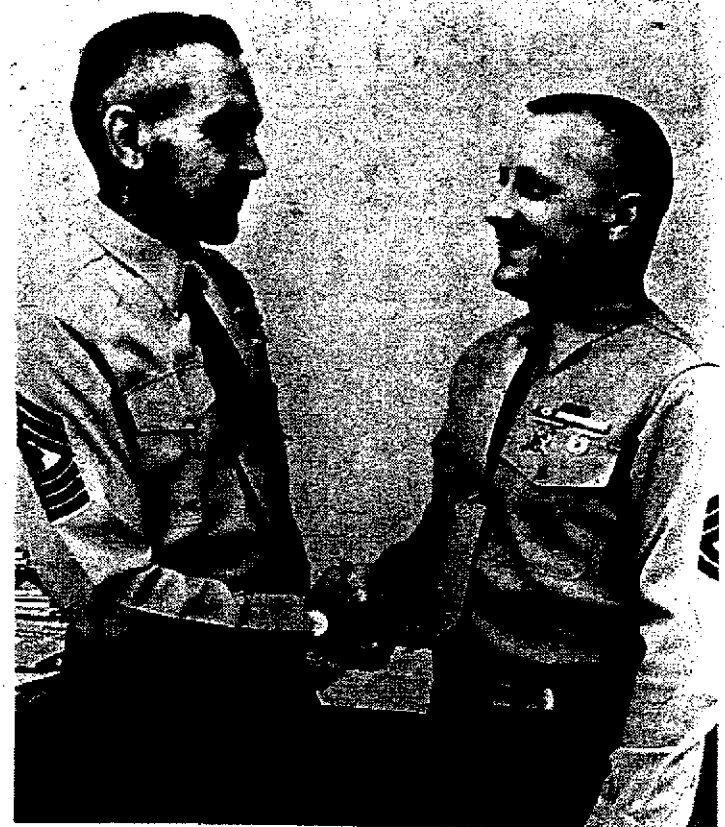

Plan Carnival

The Pleasant twp. volunteer firemen and the auxiliary report preliminaries are completed for the department's Spring Carnival to be held May 18 at the Pleasant fire hall. The committee in charge is anxious to have all residents in the township participate.

Proceeds from the carnival will be used in purchasing a new emergency truck.

Teen Dems to Meet

Teenage Democrats are reminded of a meeting Monday at 7:30 p.m. in the YWCA, Alice Wetmore Room, the former cafeteria. Affiliation with the Pennsylvania Teenage Dems and formal organization of the Warren County units will be topics for discussion.

NEW RECRUITER

Clyde H. McLaughlin, who assumed his duties at the Marine office in Jamestown, N.Y. May 1. Sgt. McLaughlin has spent 26 years in the Marine Corps, after joining May 6, 1941, and serving in World War II, he saw duty in Korea, Cuba, the Dominican Republic, and Vietnam. Kinzua Damsels Will Take Part In Quartet Contest in Hamburg

The Kinzua Damsels, quartet from the Sweet Adelines chorus, is going to Hamburg, N. Y., on Sept. 26 to enter a novice quartet competition.

It will be the first competition for the quartet, whose members are Zora King, tenor; Sue Houston, lead; Beverly Peterson, baritone, and Barbara Rosequist, bass. They were formed in May, 1963, and have

Warren's winter weather waned wonderfully Saturday evening for the more than 1,000 persons who attended the Sweet Adelines' "Holiday In Hawaii" show.

Through clever use of settings, costumes and, most in of all music, the group easily bridged the distance to trans stage of Warren Area High School into a typical Hawaii.

Members of the Sweet Adeline chorus were more or less into two groups for the opening "Hukilau" scene. About 10 participated in the hula dancing with the remainder were "MuMus" of the islands and acting as a singing audience.

Special credit must go to the 26 or so gals who mastered intricate hula dance. They started their training last autumn and have had many practice sessions under the direction of Penny Beach. Mrs. Beach worked long and hard with the girls and the results readily showed it.

Group Votes To Join Sweet Adelines, Inc.

As a result of a vote of the thirty-six women barbershoppers present at a meeting this week, the group will apply for chapter membership in Sweet Adelines, Inc., an international non-profit independent corporation. It is comprised entirely of women barbershop harmony singers. The meeting was held at the YWCA and conducted by acting president Mrs. William Houston.

Sweet Adelines, Inc., perfects its members in the art of singing unaccompanied, four-part harmony—barbershop style. It goes without saying that the theme song is, of course, "Sweet Adeline."

In order to apply for chapter membership the Warren group must submit an annual per capita fee of \$1.00 and payable on May 1st.

shop arrangements for a music library.

It is urged that all women interested in becoming charter members of "Sweet Adelines" attend the next meeting and submit their dues. The group expects to apply for chapter membership as soon as possible. Those who are unable to attend the 8 o'clock meeting on Monday evening at the YWCA should contact acting treasurer Mrs. Hal Conarro, RA3-1864. Election of officers will also take place at the meeting.

At the conclusion of this week's business meeting, the ladies accepted the invitation of the Corwango Clippers and joined them for their social hour at the Fl Lutheran Church. During the combined meeting the ladies entertained with a harmonious rendition of "Sweet Adeline" and a

Nazarenes To Elect Three

New General Superintendents

Delegates from Nazarene churches in this state and area will share in a rare denominational event at the 17th quadrennial General Assembly of the Church of the Nazarene at Kansas City, Mo., June 13-21.

For the first time in church history, three of the six Nazarene General Superintendents, who comprise the supreme governing body in the church, will retire on account of age. Delegates will elect their successors.

The closest comparable situation in Nazarene church history was 20 years ago, in 1948, when two of the four men in office were new.

General Superintendent is the highest elective office in the Nazarene church. It corresponds to bishop in some denominations. The three clergymen retiring in June will have a total of 62 years of service in the office. They are: Dr. Hardy C. Powers, Dallas, Texas; Dr. G. B. Williamson and Dr. Hugh C. Benner, both of Kansas City, Mo.

The three other incumbent General Superintendents will be candidates for reelection to four year terms.

There will be a total of 680 official voting delegates at the Assembly, about half ministers and half laymen. They will represent 76 church districts in the U.S., Canada, Britain and 47 other world areas.

The 97 Nazarene churches on the Pittsburgh district will be represented by 10 delegates—five ministerial and five laymen. They are: Butler — Dr. Robert Goslaw, RD5, district superintendent; C. C. "Let's talk dry cleaning"

By HOWARD WATERFIELD

Confidence and a sense of well-being... you can spot the person who has these qualities anywhere. Of the many factors that contribute to a man's or a woman's self-confidence, the knowledge that the clothing he or she is wearing is impeccably clean -- inside and outside -- is one of the most significant. When you take a garment out of the closet and look it over, don't consider it clean just because there are no visible spots on the outside. Look to the inside. Be sure that perspiration or body oils have not seeped into the fabric. If you discover this has happened, get it to your cleaner as quickly as possible. If these are allowed to remain and get "set" the result is often ruinous. This is understandable when we stop to realize that the body chemistry of individuals is as varied as humanity itself. Regular, frequent cleaning minimizes the deteriorating effects of perspiration and body oils, adds to the life of your garment -- keeps it fresh and odorless. You'll wear your clothes with pride and confidence when they have been thoroughly and scientifically cleaned by our up-to-the-minute methods. You can bring us your most delicate fabrics and be sure that we'll give them the careful, personal attention they need and deserve.

Answers Your Problems

DEAR ANN LANDERS: I married a man who likes to move around from city to city. Phoenix was too dry, Portland was too wet, Minneapolis was too cold in the winter and Miami was too hot in the summer. He has always managed to make a good living so I have never complained about the moves.

The reason I am writing is to ask you if I should put my foot down and refuse to haul around the two trunks filled with pictures, dance cards and love letters from his old girl friends.

We have lugged these enormous foot lockers all over the USA since 1952 and I am sick of it. So far as I know my husband has never looked inside these trunks and the stuff means less than nothing to him. Yet, every time we have moved I've asked him if he wants to take the "garbage" and he has said "yes."

Next month we leave for Denver (Chicago was too windy) and I would just love to dump the junk. Should I do it and tell him later? — MINNIE

DEAR MIN: You've been a smart cookie for 16 years. Don't have an attack of stupidity NOW.

Lug the junk until you celebrate your golden wedding anniversary if necessary. One day your husband may decide he doesn't need these little ego crutches, and when he does he'll let you know.

DEAR ANN LANDERS: Several months ago our son started to date a girl of whom we did not approve. They were both well aware of our displeasure and we had many harsh words. Finally in the midst of a violent argument the couple announced they never wanted to see us again and they walked out of the house.

We never dreamed they meant it, but they did. Several weeks later we learned they had run off to another state and were married. (They were not old enough to marry without parental consent in this state.)

It has been five months since we have seen our son although he lives just a few miles away. We are heartsick about this family rift and don't want to live the rest of our lives cut off from our son and his family. Should we communicate with them and try to patch things up or would it be best to wait until they are ready to come to us? — WANT TO MAKE AMENDS

DEAR WANT TO: I doubt that time will do this situation any good. Someone must make a move, and it might as well be you. Don't wait. Go to your son and his wife and extend the olive branch.

DEAR ANN LANDERS: My 14-year-old daughter is lazy, irresponsible, untruthful and has a terrible temper. She will not listen to me and I don't know what she's going to say or do from one minute to the next. I should tell you that I am her stepmother and she was badly spoiled when I married her father five years ago.

The girl has been begging me to let her spend the summer with her maternal grandmother. The transportation would cost

Hints From Heloise

DEAR HELOISE:

An excellent way to mark a dress for hemming on someone not so agile, is to have that person stand at the head of some stairs. Then you sit on the next lower step.

So much easier than standing on a table.

Mrs. Jay D.

Well, well, well, who would have THUNK it? It's great. And you're a lollipop for writing us.

Always,
Heloise

DEAR HELOISE:

Try this to keep your closets neat and the hangers from jamming together:

Cut cardboard wax paper and foil rolls into 1 1/4" widths and cover the sections with spray paint or adhesive-backed plastic. Then just place one between the hangers on your closet rod. (Remove the rod to slip them on.)

Sure keeps everything neat and where it should be, and makes it easy to find just what you want without pushing and pulling all those clothes around.

A Reader

This is great if you store out-of-season clothes in an extra closet. Sure saves on pressing bills, too. You are a real friend.

Heloise

DEAR HELOISE:

When our boy was in Cub Scouts and I was a Den Mother, we took part in a

"Penny Carnival."
One of the games was this:
On a sheet of plywood

\$300 and, although we could get the money together, it would not be easy. The grandmother is a nice person and gets along well with the girl. Should we let her go, even though she has shown no signs that she is able to conduct herself in a lady-like manner? The grandmother doesn't know what she's getting into. Please advise. — B.B.H.

DEAR B.B.H.: Let the girl go. You two need a vacation from one another. A summer away from home might do the daughter a world of good — and it would be helpful for you, too.

Drinking may be "in" to the kids you run with — but it can put you "out" for keeps. You can cool it and stay popular. Read "Booze and You — For Teen-Agers Only." Send 35 cents in coin and a long, self-addressed, stamped envelope with your request.

GOSPEL HARMONY TO BE HEARD

Tomorrow at 11 a.m. the Chandlers Valley EUB Church, now known officially as the United Methodist Church, will entertain the Harmony Gospel Four and Bob Scott with his gospel guitar. The five are Gospel singers and players from the Punksutawney area, and are fairly well known in this area. Besides their music at the 11 o'clock service, they will offer Christian testimonies. This is a follow-up program after last week with Jimmy Davis. The public is invited to enjoy this offering of excellent music.

(heavy cardboard will do) we painted three large black cats with wide-open mouths. We then supplied bean bags to throw at the pictured cats. Those children whose bags plopped into the cats' mouths won a small prize.

This proved to be so popular at the "Penny Carnival", I later painted the same design on a large pasteboard box for my brother's children.

They were so well entertained with it that my sister-in-law used the idea to amuse the children at her neighborhood club meeting.

Mrs. W. Vanderhoof

DEAR HELOISE:

I just hate to part with my comfortable "baby doll" pajamas even when the top layer of thin nylon has frayed and fallen apart.

So now I carefully cut off the top layer of net or nylon leaving the heavier "slip" underneath intact with the fancy yoke.

If the top is plain, I pin a pretty ribbon or cloth flower to the neckline.

Diane Lugon

DEAR HELOISE:

My beautiful old Bible was terribly dog-eared.

So I flattened the corners out, sprayed on a little starch and pressed them flat with a medium iron (nylon setting).

Now my Bible looks nice again. I can hardly believe it, Heloise.

This can be done with any well-read and worn book.

Dixie

DEAR HELOISE:

You know these net bags that we get grapes, some fruits and stuff in?

Well, not long ago, I put a green one over my silver bowl and it looks ever so pretty. Certainly gives it an interesting appearance.

Mrs. Jack Tackett

And is quite a conversation piece to boot, I'll bet.

Sweet Adelines Observe 5th Anniversary

Bring together a group of women who like to sing, add some enthusiastic guidance, a capable director and the inevitable result is a Sweet Adeline Chapter. That's what happened in Warren five years ago when 34 women, under the leadership of Suzanne Houston, decided to become part of the International Barbershop Harmony Organization for Women.

The Warren Chapter of Sweet Adelines was chartered May 10, 1963 and started meeting at the YWCA under the direction of Addison Scholes, an active barbershop enthusiast.

After three months Scholes left to take a position in Indiana and John Swick took over as chorus director. Through his enthusiasm and knowledge, background and ability, members began learning the art of four-part harmony, which is, in general, the purpose of Sweet Adelines.

With barbershop harmony and quartets being practically synonymous, the "Kinza Damsels" were organized shortly after the chapter came into being. They won first place in Regional Novice quartet contest in 1964 and placed second in regional competition in 1966

giving them the privilege to represent the region at International competition.

Two other quartets have been associated with the Warren chorus. The "Lyrics" were active for two years and at present the Barber Sals are spreading "barbershop" throughout the area. Both have taken part in regional competition.

Not only are the purposes of Sweet Adelines carried out through regular rehearsals, but each chapter is part of a region. Each year the chorus participates in regional competition, traveling to Rochester, Youngstown and Pittsburgh. They are competing this weekend in Cleveland, Ohio, with 25 choruses from Region 16.

The Warren chorus was honored last year when Suzanne Houston was elected Regent, the highest regional office in the organization.

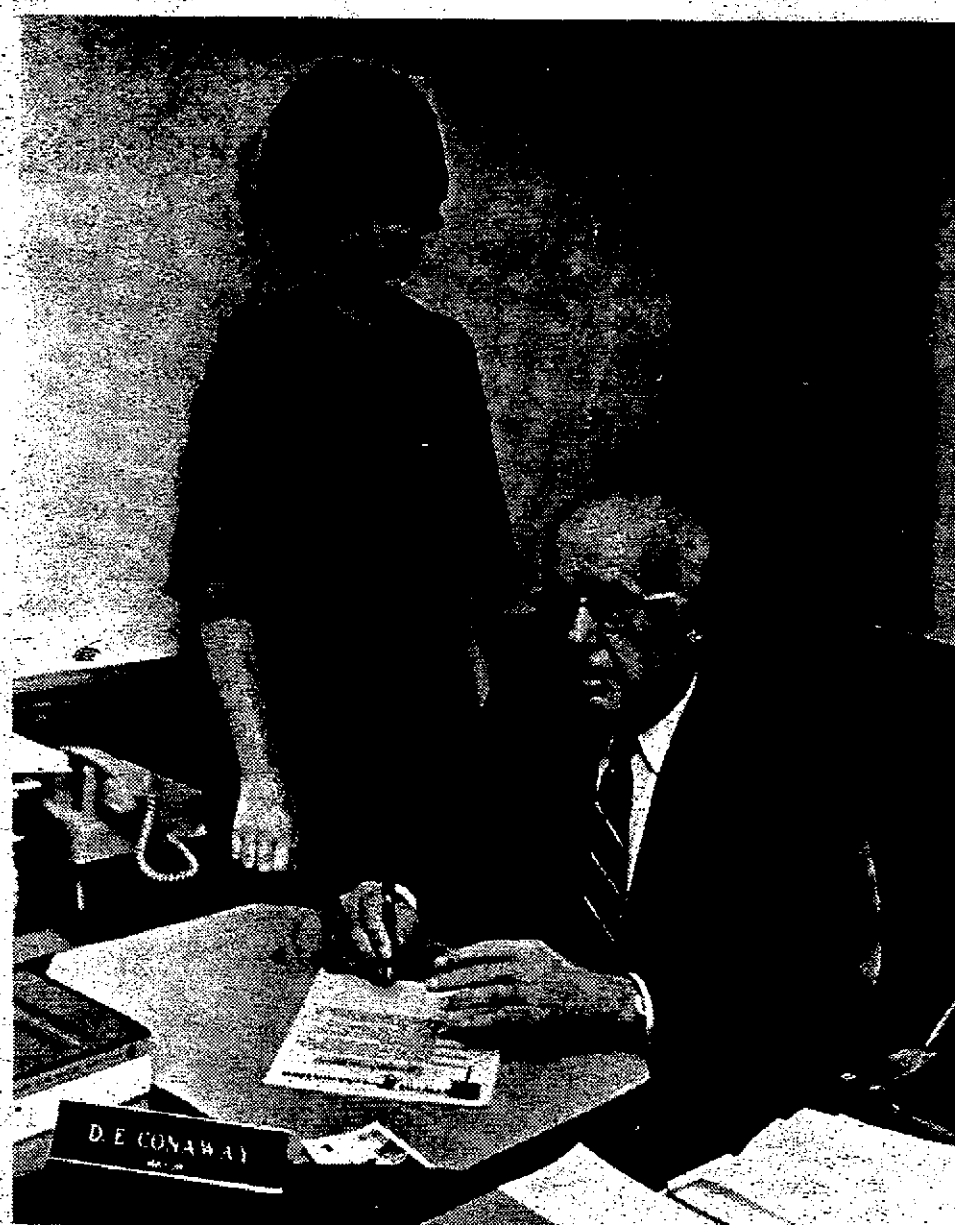

The chapter has been active regionally and not long ago hosted a regional council meeting in Buffalo attended by members of 32 chapters in the region. It has entertained other nearby chapters such as Jamestown, Olean, Meadville and Erie at inter-chapter parties.

In 1967, the chapter was chosen to host a Capsule Music School. In keeping with its purpose of educating members, the international organization sends trained faculty members to various locations to conduct music schools.

The international organization roster includes over 17,000 women in some 450 chapters throughout the United States (including Hawaii and Alaska,) Canada and the Panama Canal Zone. Members maintain and support a staffed international headquarters in Tulsa, Okla., where the organization was formed in 1947.

The chorus is presently directed by Suzanne Houston, founder of the chapter, and meets every Tuesday at 8 p.m. at Emanuel Church of Christ. Visitors are welcome and anyone wishing to be a part of the Sweet Adelines may join the singing.

Sweet Adelines, Inc., publishes its own magazine, musical arrangements and instruction items. International conventions, competitions, music schools and meetings are held on a regularly scheduled basis.

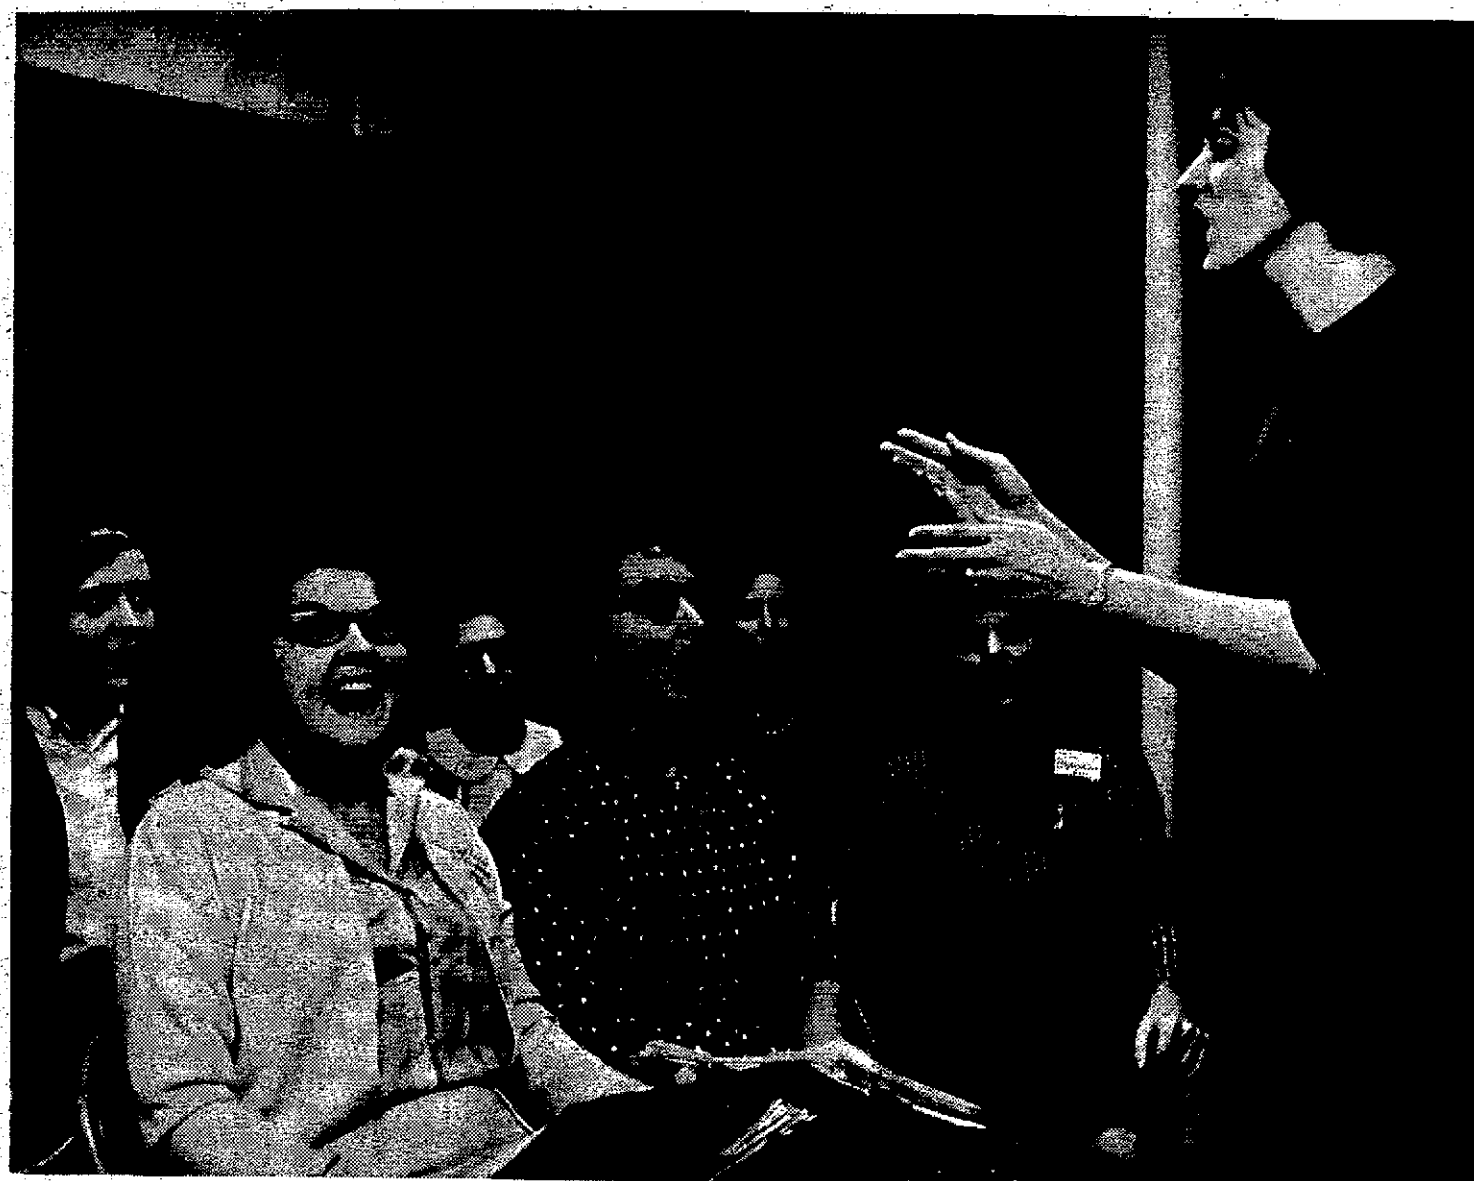

PROCLAIMS WEEK

Mayor D. E. Conaway makes certain that Warren will be a harmonious community as he signs a proclamation designating May 3-May 10 as "Sweet Adelines" week. Present for the occasion was Suzanne Houston, director of the Warren chapter, which was chartered May 10, 1963. (Photo by Mansfield)

SING LOUD AND CLEAR

Sing it loud and clear in four-part harmony. The talented, graceful and definitely musical hands of Suzanne Houston, director of the Warren Chapter of Sweet Adelines, puts the chorus through its paces at a regular Tuesday weekly rehearsal at Emanuel Lutheran Church at 8 p.m. Visitors are welcome.

OFF TO COMPETITION

"We're going to leave you now" — Warren Chapter of Sweet Adelines take the words of the song literally as they prepare to

leave for a regional competition. The group has done considerable traveling in their five years of existence both near and far.

FUN TIME

The Warren Chapter of Sweet Adelines has a "singing" group. To work up an appetite, it looks as though a bit of badminton is planned. Heading for a bit of recreation is part of a

COMMUNITY SERVICE

A community service organization, Warren Chapter of Sweet Adelines has always entered a float in the annual Jaycee Fourth of July parade. They also are readily available to provide entertainment for local organizations and each year present a program of Christmas carols at nursing homes and Warren State Hospital.

Official Proclamation

Sweet Adeline Week

Whereas, a group of women have organized to vocalize in four part barbershop harmony, naming their organization, Sweet Adelines, Inc.
Whereas, a Sweet Adelines Chapter promotes harmony among its members both vocally and spiritually; and
Whereas, each individual Chapter is an asset to its local community, offering their talent as a community service; and
Whereas, Warren enjoys and appreciates this musical contribution to its community;
Now, therefore, I,
Mayor of Warren Borough,
do hereby proclaim the week of May 3-10 as Sweet Adeline Week and urge the people of Warren to enjoy the benefits thereof.

Lady Songsters Perform Service in Community

A community service organization, Sweet Adelines offer their specialized chorus and quartet chorus for entertainment.

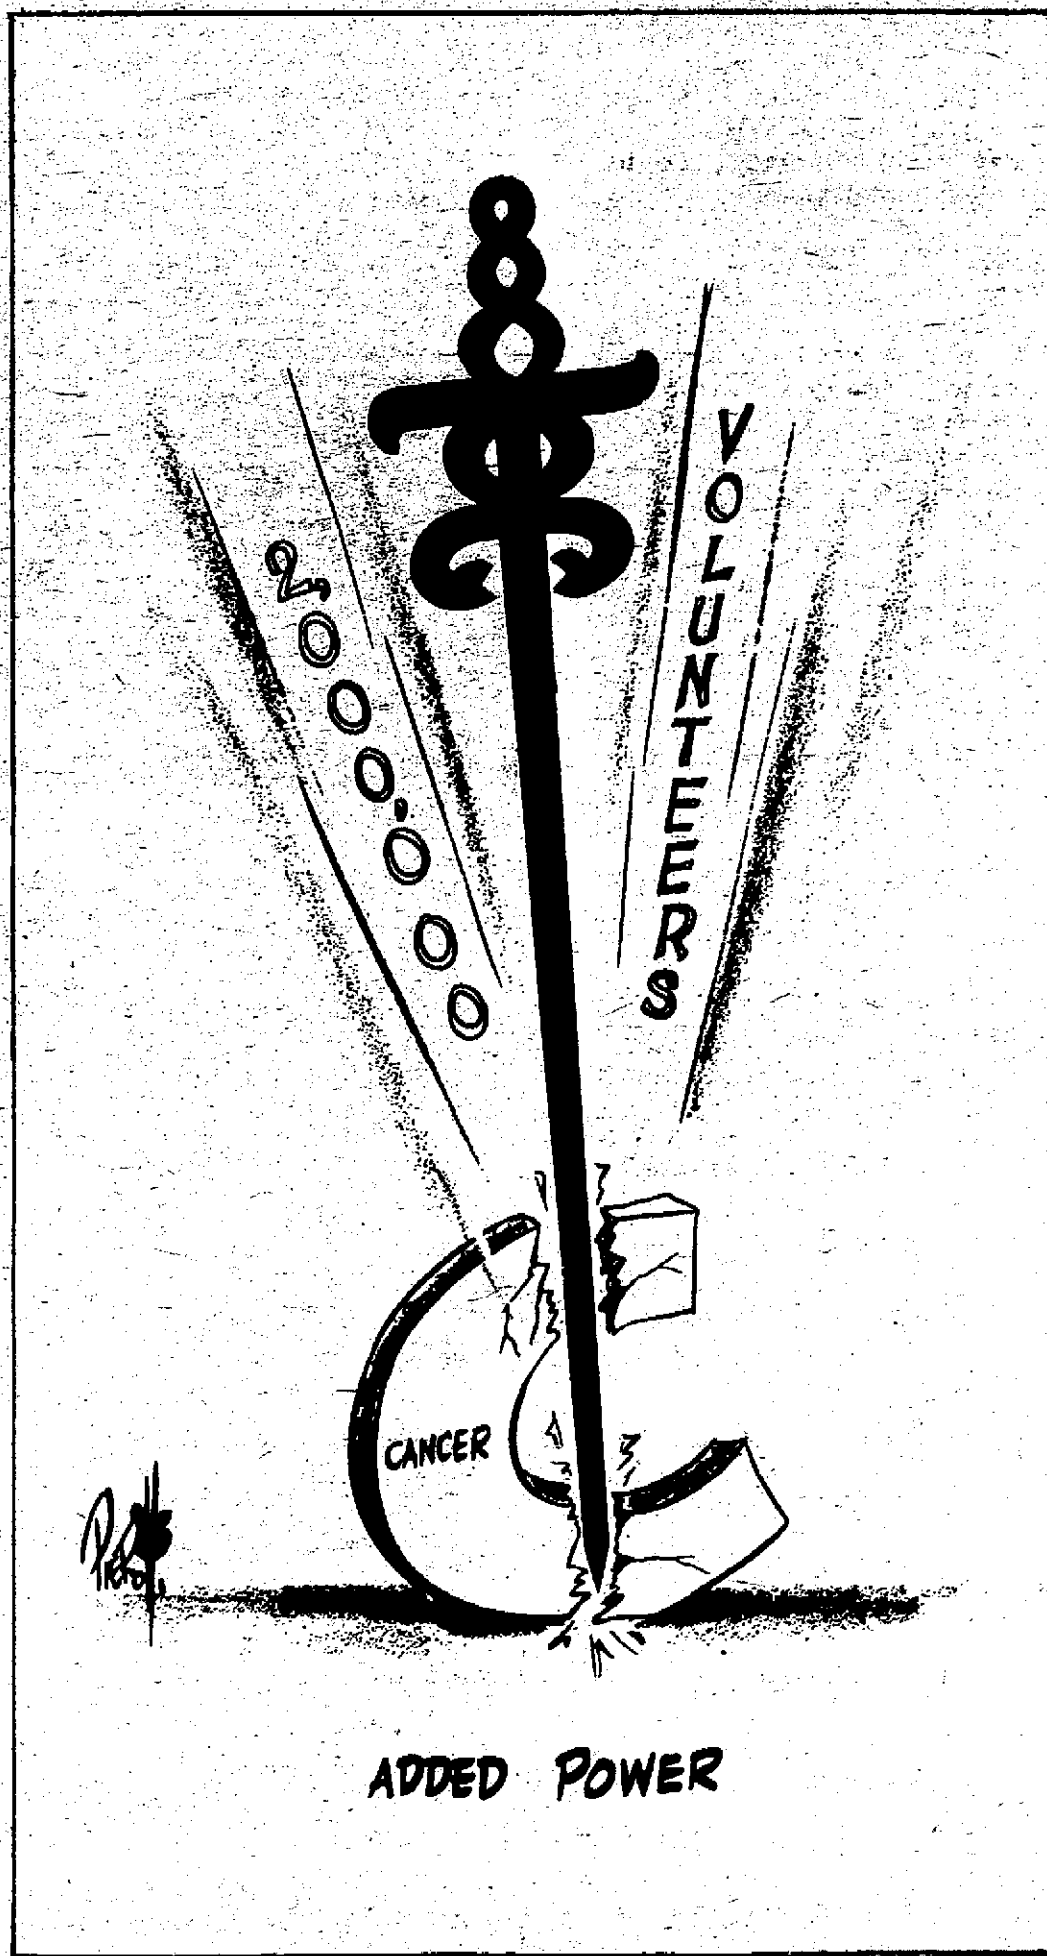

Doing their part to "Harmonize the World," the motto of Sweet Adelines, the Warren Chapter has sung for many PTA meetings, church groups and various local organizations.

Caroling at nursing homes and Warren State Hospital has become an annual affair and the chapter is always willing to sing at community functions. The chorus has also enjoyed presenting annual chapter

shows for the general public to include the Dixieland excitement of "Come to the Mardi Gras," a winter vacation to "Holiday in Hawaii," the lilting Irish melodies of "Shamrocks and Shillelaghs" and the mystifying "Hits Magic."

A portion of proceeds from these performances is always donated to charity, locally as well as on the national level.

The chapter has always entered a float in the Fourth of July parade, winning first and second place awards in the service organization category.

Your Horoscope By Frances Drake

FOR SATURDAY, MAY 4, 1968

ARIES (March 21 to April 20)—You may not be able to complete as much as you desire, but do what you can, and do it well. You will not weaken your position as long as you put forth your best efforts.

TAURUS (April 21 to May 21)—Get an early start if you would complete this day's assignments and collect the rewards. You are now assured of cooperation from those in a position to help.

GEMINI (May 22 to June 21)—Accentuate the positive in your thinking if you would make the real advancement possible now. Routine activities may be happily supplemented by added interests. Planetary aspects here favor the mercurial, the sparkling.

CANCER (June 22 to July 23)—Usually you recognize opportunities and like to do something with them. This is a good day for grasping the best. But do make some time for rest and relaxation.

LEO (July 24 to August 23)—You may run into some complex situations now. Analyze carefully; discriminate between fact and rumor. Don't reject a proffered idea before you have fully understood it, however.

VIRGO (August 24 to September 23)—Work that enables you to use your creative abilities and ingenuity should bring you great pleasure now. Why not launch an avocation along these lines which could eventually prove highly profitable?

LIBRA (September 24 to October 23)—You may have to make some sacrifices now, but later you will be glad you did. Devote your special gifts to worthwhile causes and "Many happy returns" will be yours.

SCORPIO (October 24 to November 22)—Direct interests and undertakings discerningly through the mixed channels offered. Use that quick-thinking mind of yours to help you out of possible unpleasant involvements, and don't let impulsive action get you into them.

SAGITTARIUS (November 23 to December 21)—Your talent for remembering and profiting by experience can be applied smartly now. Jupiter auspicious: New records can be set. But don't overtax yourself.

CAPRICORN (December 22 to January 20)—You will probably be more interested in plans for the future than for week-end merry-making. This is all to the good, since some fine opportunities are in the offing.

AQUARIUS (January 21 to February 19)—Break your day down to definite essentials and eliminate the unimportant. Do not engage in untried projects except where "dry runs" make them seem feasible.

PISCES (February 20 to March 20)—Don't believe everything you hear now, but look for the truth and, when you find it, recognize it, respect it. Rumors may be spread deliberately. Good opportunities in the offing.

YOU BORN TODAY are idealistic, strongly opposed to wrong-doing and unfair tactics. Taureans often champion the underprivileged. Once you develop your powers and live on the high level, you press for grand reforms; get them, too. Numerous inventors, strategists, doctors, botanists, teachers, artists, clergymen and actors were born in Taurus. Birthdate of: Horace Mann, educator.

How to Keep Well By Dr. T. R. Van Dellen

(c) 1968 By The Chicago Tribune

To the limit of space, questions pertaining to the prevention of disease will be answered. Personal replies will be made when return stamped envelope is inclosed. Telephone inquiries not accepted. Dr. Van Dellen will not make diagnoses or prescribe for individual diseases.

+ COMMON RECTAL COMPLAINTS

Shortly after the new year began, I stopped on the street to chat with a colleague who is a rectal specialist.

"This is a busy time of the year," he said. "During the holidays people drink too much and over-indulge in popcorn, nuts, and other irritating foods. If they suffer from hemorrhoids (piles), pain and bleeding ensue. The majority are positive they have cancer. I make it a point to examine everyone thoroly, even though the chance is slim that I will find a malignancy or polyp."

+ Bleeding and pain are the most common rectal complaints. Blood usually stems from hemorrhoids and most victims are middle aged or older. Small hemorrhoids are easily corrected via injections. Surgery is needed when varicosities are large or other rectal conditions coexist. Thousands of salves and ointments are available, but these products offer temporary relief, not cure.

Never take it for granted that the bleeding is caused by hemorrhoids. Cancer and piles may coexist, but complete examination is the only way diagnosis can be made. Consequently, it pays to visit the physician.

+ Rectal pain is more common in younger individuals and, as a rule, is associated with inflammation. The anal canal contains many folds and pockets. These crypts look and behave like a funnel. The small end tapers into a duct going to glands deep in the tissues. Infection is common and spontaneous healing the rule.

But this situation leads to minute scars that eventually affect the elasticity of the anal opening. Now and then tears occur when the part is stretched, producing painful fissures. A more serious infection is the forerunner of rectal abscess.

There is no way to prevent these lesions except by adhering to good rectal hygiene and scrupulous cleanliness. It is well to remember that any chemical or food capable of burning the mouth does the same to the rectum.

TOMORROW: Dental Sprays.

Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.

+ WHY WEAK FINGERS?

M. H. writes: What would cause loss of strength in the fingers of one hand?

REPLY

The most common cause is a disturbance of the nerves that control the muscles of the hand. These nerves originate in the brain and travel to the fingers via the brachial plexus in the neck. The surgeon must search for the causative lesion, which may be found anywhere from the top of the head to the tip of the fingers. Causes vary from stroke to pressure somewhere along the involved nerve.

HALF SAFE

NEW DELHI (AP) — Only 60 per cent of India's urban population gets "safe" drinking water, government officials reported.

They said the situation is worse in rural areas, where only 50 per cent of the drinking water is regarded as "safe."

NEW RULES FOR NUDISTS

FRANKFORT, Ky. (AP) — Nudist colonies in Kentucky now must obtain state licenses and undergo "reasonable inspection" by local sheriffs.

Eisenhower Wins Marine Fitness Meet

By DAN PRATZ

The Eisenhower Knights came out on top in the county at the recently held Marine Corps Physical Fitness meet at Warren Area High School. The Knight squad topped all county high schools (Warren, Youngsville, Sheffield and Tidioute) in the tests of physical strength which the United States Marine Corps have been giving throughout the country.

Not only did the Knights possess the strength to win the competition, but Gary Dalrymple, a competitor on the Ike squad scored the most points of any boy in the county. Dalrymple totaled 492 points out of a possible 500 earning himself the top physical fitness award in all of Warren County.

The Eisenhower physical fitness team will be traveling to Elma, New York, tomorrow, Sunday, where they will compete against teams from Buffalo and the surrounding area. Competition is to get underway at 1 p.m. at Iroquois Central High School and the public is cordially invited to attend.

The winners in the Western New York meet at Elma will go into competition with the Albany area and then the winning team from this tri-area meet will attend the National Meet at Quantico, Virginia, during the summer.

The United States Marine Corps is being assisted by General Foods, Post Division in the transporting of teams and coaches to the National Meet. Also Post Division is supporting awards, including a \$1,000 scholarship to the college of his choice for the high scoring senior in the national competition.

The experimental physical fitness meets, patterned after the Corps Recruit Physical Fitness Test conducted at the San Diego and Paris Island recruit depots, were initiated in this area by local Marine Recruiter Gy/Sgt. Richard Reynolds three years ago.

During recent months Reynolds, has been busy coordinating with the local high school physical education teachers to gain interest and support in the Marine Corps Physical Fitness program. Last year an attempt to hold a county meet met with little success, due to poor timing and lack of interest, but it did a great deal toward promoting interest.

RUGGED TESTS OF STRENGTH

Thirty boys competed in the Marine Corps physical fitness meet for the county. In the above picture one group of boys are going through the exercises while the other group counts. The phase of the test pictured above is the squat-thrust portion where a boy must do 41 (in one minute) to be awarded a perfect score.

EISENHOWER PHYSICAL FITNESS TEAM

The Eisenhower Physical Fitness team proved to be the best squad in the county as they captured top honors in the Marine Corps Fitness meet. The Knights missed a perfect score of 3,000 points by a slim margin totaling 2,819. Posing above with their trophy, donated by the General Joseph H. Pendleton detachment of the

Warren Marine Corp League, left to right—(kneeling) — Orrie VanOrd, Owen Williams, Adolph Morando. (Standing)—Ike Phys. Ed. Instructor, Tom Firth, Dick Hale, Andy Bosko, Gary Dalrymple, and Gy/Sgt. Richard Reynolds, local Marine recruiter.

This year the entire program was expanded and co-operation was great. The result was the participation of all five Warren County high schools on Monday, April 22 at the Warren High building. Each school entered a six man team in the competition and each competitor was required to complete the five tests of strength, often against the clock.

The exercises included in the competition consist of push-ups, pull-ups, sit-ups, the squat thrust and the 300 yard run.

Following careful study and practical application the five exercises included in the test were established in the belief that they would challenge the broadest possible range of physical fitness.

Each exercise is scored separately and provides a major challenge to a specific set of muscles. A composite score is then attained on each test. An overall average score of 250 points is a passing score, though all should strive for 500 points. It is a rare individual that can reach the 500 mark.

These tests of strength can be used in individual, team, class or group competition. They are designed not only to test physical strength, but also to help a man gain confidence in his own physical capability. This confidence is valuable to a man of any age, but vital to teenage youth.

Emphasis must be placed on maintaining proper form in the conduct of each exercise. Only those exercises performed to exactness demanded by the test should be accepted, otherwise the value of the test as a determination of fitness is lost.

To reach the 500 point mark, the most anyone can obtain, one must do 60 push-ups, 18 pull-ups, 85 sit-ups (in two minutes), 41 squat thrusts (in one minute) and shuttle run a distance of 300-yards which is divided into 60-yard lengths with five turns in a time of 44-seconds. Just to make it a little more interesting the Corps has established a rule of little rest between each exercise and in Marine language that means none!

The boys who compete in the finals at Quantico have the opportunity to receive trophies, medals and patches which are contributed by the local merchants. These are generally

presented to the best individual performers and to second and third place finishers in both individual and team competition.

As an added incentive each year, certain winning teams are treated to a two-day visit of Headquarters Marine Corps, Marine Corps schools, Quantico, Virginia, and a sight-seeing tour of the nation's capitol.

The opportunity of competing in the finals is within the grasp of each boy between the ages of 16 and 19 attending one of the five county schools. A list of the exercises and a scoring chart is available from the local marine recruiter. With a little bit of work perhaps Warren county may send a team to Quantico.

Sgt. Reynolds praised the team members and coaches in the co-operation and fine results exhibited.

Reynolds looks for a bigger and better meet next year.

Results of the meet follows below (only 3,000 team points were possible to obtain)

1. EISENHOWER (2,819)—Dick Hale, Andy Bosko, Orrie VanOrd, Gary Dalrymple, Adolph Morando.

2. WARREN (2,699)—Rex Slo-cum, Tom Beckett, Steve Watson, Steve Kaiser, Doug Sorensen, Harry Spackman.

3. SHEFFIELD (2,517)—Merl Rice, Robbie Hart, Bob Shaffer, Jeff Scalise, Dave Morrison, Carter McDonald.

4. YOUNGSSVILLE (2,423)—Phil Holcomb, Tom Burleigh, John Anthony, Howard Jordan, Duane Benedict, Tom Randinelli.

5. TIDIOUTE (2,363)—Don Parr, Tom Sabella, Jack Larimer, Bill Shanley, Dennis Sabella, Mark Rondinelli.

GARY DALRYMPLE, "TOPS IN COUNTY"

Gary Dalrymple, center, receives his trophy for being tops in the county by scoring the most points of any boy in the Marine Corps fitness tests. Dalrymple scored a total of 492 points out of a possible 500. Awarding the trophy is Gy/Sgt. Reynolds while Phys. Ed. Instructor Tom Firth looks on.

ST. JOHN'S CATHOLIC CHURCH-TIDIOUTE

In Honor of the Virgin Mary

By Rev. Arthur Fleckenstein
St. John's Church,
Tidioute, Pa.

All generations shall call me blessed. (Luke, 1, 48)
Since the beginning of the Christian Era, the Catholic community has dedicated the emerging month of May to the Honor of the Blessed Virgin Mary.

The observance, based totally on the words of Holy Scripture, has thus been dear to the hearts of all Catholics, since the days of Jesus.

It is no exaggeration to say that there is scarcely any truth of Christianity that is so misunderstood as the Catholic Doctrine involving our devotion to Mary. Even to those who would be kindly in their criticism, devotion to Mary seems to be given an altogether undue prominence in Catholic life and practice. To put the whole matter in the right light, let it be understood that for all Catholics, Jesus alone is the center and source of the salvation of all, the center and source of all worship and adoration. We adore Jesus as Our God and Saviour; we love Jesus above everyone and everything else in this world. No one else can ever take His place. We love Jesus with all our hearts; and because we love Him, we love and honor all those whom He loved and honored. And whom in all this world did Jesus love and honor quite so much as His

Own Blessed Mother?

What son would be satisfied with the love and friendship of another, if at the same time the other scorned or ignored his mother? Christ, who was perfect man as well as perfect God, thought no less of His own Dear Mother than we do of ours, and rightfully expects if we love and honor Him, we love and honor His Mother also.

Even though the Bible mentioned not a word about the Mother of Jesus, the natural instinct of the human heart would reach out in gratitude to such a benefactor and love her because she has given us The Lord and Saviour of the human race.

Conversely, the Bible is not silent on this topic. The very Heavens pay her tribute. In announcing the good news of the Incarnation, the Angel Gabriel says to Mary: "Hail, Thou who art so highly favored" (King James) "The Lord is with Thee; blessed art Thou among women" (Luke, 1) The Angel continues: "The Holy Spirit shall come upon you and the power of the Most High shall overshadow you; and therefore the Holy One to be born shall be called the Son of God" (Luke, 1, 33)

From the crib to the Cross, wherever we see Christ, there beside Him do we see His Blessed Mother. She is the Mother of Christ and for that

reason we love Her.

In I Cor. 12, 27, St. Paul asks: "Are not all the followers of Christ one with Christ and members of His Body?" His Father in Heaven is Our Father. Is it not reasonable to conclude that Mary, His earthly Mother, should be Our Mother also? We are most dear to her because we are dear to Him. She looks upon us as her children, loves us, and by her powerful prayer and intercession secures from her Divine Son many Heavenly helps that we need to reach our eternal destiny.

The honor we render the Virgin Mary is not just a bit of poetry in Catholic life. Catholic devotion to Mary has given women a high esteem in Christian civilization; it has sanctified marriage; it has inspired millions of feminine hearts to vow themselves to God in virginity; it has aided mankind to live up to the ideals of chastity. Devotion to the Blessed Virgin has inspired the brush of the painter and the chisel in the hand of the sculptor. Music is the richer for it; literature its debtor. The world over, Mary, Mother and Virgin, is glorified in great churches and cathedrals dedicated to her name, vast symphonies in stone, fulfilling her very own prophetic words — "Henceforth, All generations shall call me Blessed." (Luke, 1, 48)

WILLIAM BUCKLEY

Fire Kirk?

You have, I hope, meditated the meaning of the charges that have been levelled against the New York policemen who liberated Columbia University. Brutality. It apparently has not occurred to a living soul, to judge from published reports,

Buckley

that the caterwauling students who are charging brutality because the police interrupted their week-long, whiskey-fueled stercoraceous occupation of other people's property could very easily

have avoided brutality by simply obeying the policemen when they were finally dispatched to uphold the law.

In the flat words of the newspaper account, "The policemen had first read a statement urging the students to leave voluntarily, and the protesters had refused." In other words, the police had even been instructed to permit the students to leave with impunity -- to get off without arraignment on the charge of criminal trespass. But the students refused. So, under the vigilant eyes of radio, television, faculty, press, the Commissioner of Police, and the head of the local Mau Mau, they were dragged away. Oh yes, there were also representatives there of Mayor Lindsay, whose comment the next morning will never perish from this earth. "Mayor Scores Columbia Sit-Ins But Backs the Right to Dissent." That is as if, stumbling into Buchenwald with the liberating army, General Eisenhower had said, waving in the general direction of the corpses, "I do deplore all of this, but I stoutly defend German dissent from the Versailles Treaty."

What is going on? One is increasingly reminded of the observation of Albert Jy Nock, that it would be fascinating to write an essay on how one can tell one is slipping into a dark age. His point is that if we knew collectively that that is what we were doing, we would simply arrest the process. One is tempted to observe that it is incredible that so many members of the faculty at Columbia sided with the demonstrators, and now are criticizing President Kirk for having called in the police after six days. But it is not incredible any longer: incredible though THAT may be.

Everybody's doing it. Not quite everybody, but, for instance among the students, all the leaders of the various student body groups appear to be unanimous in their condemnation of Mr. Kirk. The president of New York University, though declining to promise that under no circumstances would he ever call the police, professed himself as "revolted" at the use of the police at Columbia, and stuffed a dollar bill into a jar being passed about to collect money to defend the students.

A young rabbi recently appointed as chaplain to the Jewish students of Columbia was heard declaiming -- get this: "No amnesty for Kirk and the Board of Trustees!" They are not to be forgiven for restoring order to the campus by invoking those whose job it is to restore order when there is disorder. And then the rabbi attempted to assert his impartiality: "I want to show you I'm going to be consistent," he said, reminding his audience that he had sided with all of the demands of the rioters except their call for amnesty for themselves. In other words, the rabbi is being consistent by insisting that lawbreakers and lawenforcers be dealt with exactly alike. Such anfractuosity is best left for advanced schools of sophistry to defend.

A few days before the police moved in, Professor Seymour Melman, who will be remembered as the prophet of overkill, suddenly found himself concluding that the opposite situation exists in Columbia. Columbia, he announced jubilantly, simply hasn't the power to discipline the refractory students: "How can you dismiss several hundred students?"

There -- there is the revolutionary key. "We won't be going around and around forever," said the student head of the SDS, who organized the strike. He meant by that that additional forces are accumulating, and that in due course they will crowd in on Columbia and, in effect, dominate it. Mr. Kirk, poor Mr. Kirk whose office was smashed, the walls covered with graffiti, broken whiskey bottles strewn about, poor Mr. Kirk says that calling in the police was the hardest thing he ever had to do. If that is the case, poor Mr. Kirk should be relieved of his misery, and sent out to pasture. Because Columbia needs someone who will do something a great deal harder. Suspend several hundred students for a year or more, and fire one hundred or so of the instigators.

Carmichael Talks

WASHINGTON--Here is the record of the amazing telephone conversation between Stokely Carmichael, the Negro rabble-rouser, and Havana, Cuba, at the height of the recent Washington race riots.

Carmichael had just come in from the streets where he had been crying for Negroes to go get their guns. He was summoned to the overseas telephone by Mike Laguardia, a commentator for Radio Havana. This conversation follows:

"Stokely?"
"Yes."
"Oh, this is Mike Laguardia from Radio Havana Cuba."

"Hello," Carmichael greeted him cordially.

"Hello, sir," replied Laguardia.
"Como esta usted?" asked Carmichael, showing off the Spanish he had picked up in Cuba last year.

"Muy bien," responded Laguardia happily.
"Y usted?" Then he got around to the purpose of his call.

"Say, Stokely," he said.
"Si."

"We would like to have a statement from you on Martin Luther King's assassination."

"Right."
"And what has been the reaction of the Afro-Americans in the face of this crime?"

"Right," repeated Carmichael. "A white American has Rap Brown (another black militant leader) in jail right now. An American killed Dr. Martin Luther King Jr. last night. When they killed Dr. King, they made a mistake, because Dr. King was the one man who was trying to ask, uh, black people not to burn down the cities. Now that they have killed Dr. King, there is no black man who will ask black people not to burn down the cities. What it means is that we've gone full swing into the revolution."

"Last night," Carmichael spoke on, "35 cities had major incidents. That was last night--35 cities of the United States where there was burning and shooting and killing over the death of Dr. King. It is clear, uh, more of this will continue. It is going to become more and more a guerrilla-urban guerrilla warfare, because it is clear that we cannot win with the, uh, with the police, in open rebellion."

"So," he continued, "more people are now beginning to plan seriously a major urban guerrilla warfare, where we can begin to retaliate not only for the death of Dr. King, but where we can move seriously to..." His next few words were indistinct. "...serious revolutions with this country to bring it to its knees."

"It is crystal clear to us," he declared, "that the United States of America must fall in order for humanity to live, and we are going

Pearson

to give our lives to that cause. To our brothers and sisters in Cuba, we want to say: 'Hello, my respects to you all.'"

"Thanks very much, Stokely," said Laguardia. "We'll be coming back to you again in case something more shows up."

"Very good."

"Au revoir."

"Au revoir," said Carmichael. "Tell Prime Minister Fidel (Fidel Castro) I said hello."

"All right," promised Laguardia. "Bye, Stokely."

The high-powered lobbying pressures brought on state legislators is illustrated in an election now taking place in the Cleveland suburbs. The race is between Ron Mottl, a member of the Ohio legislature, and State Sen. Francis Sullivan, whom Mottl seeks to replace. Both are Democrats.

Last year Mottl took a courageous stand against the most powerful bank in Ohio, the Cleveland Trust Company. He supported a law requiring cumulative stock voting which would have permitted minority stockholders to elect directors to the Cleveland Trust's board.

It was a bitter battle in which the trust company retained as its attorney Dan Duffy, vice chairman of the Democratic party in Cleveland. He registered the fact that he was paid \$12,000.

Afterward Duffy moved to bar Mottl from the ballot in the upcoming Ohio primary. Duffy is a member of the board of elections as well as being vice chairman of the Democratic party, and used this position of influence to strike Mottl's name. Mottl had declared as a candidate for the senate against incumbent Sen. Francis Sullivan, who is regularly employed by Republic Steel at a salary of \$9,000.

Ted Brown, Ohio secretary of state and a Republican, criticized the board of elections for its action. Mottl went to court and secured a ruling putting his name back on the ballot. It's there today.

Meanwhile, two interesting candidates announced that they were running against him under circumstances which looked as if friends of Sen. Sullivan or friends of the Cleveland Trust Company might have induced them to run.

The Parma election district outside of Cleveland is largely populated by Czechs, Slavs and Ukrainians, mixed with Irish. Sullivan automatically gets the Irish vote and Mottl, a Czech-American, was due to get the Slav vote.

But Michael Zaderecky, a Ukrainian, suddenly entered the Democratic primary, together with Richard Motousek, a Czech. Obviously they will siphon votes away from Ron Mottl rather than Francis Sullivan, the Irishman.

So goes politics at the state level when powerful corporations have something at stake.

RICHARD HARATINE

Ponder Nixon's Wisdom

Dick Nixon, red-faced from the Florida sun and dressed in a symphony of blue, stood at the dais of the House of Representatives Tuesday noon, providing advice for Pennsylvania's lawmakers.

"I have a particular interest," Nixon said, "in the problems of this branch of government."

"I see a reversal of the trend after 30 years. The power that is going to Washington is being dispersed. The more we can disperse that power, the better it will be for the country."

That word "disperse" did it. Some House members beat Nixon out of the Chamber. Within an hour, the session adjourned for the week, and members pondered the Nixon wisdom on their travels home.

It was that kind of a week. What was being said went in the right ear and out the left. Or, people were talking one way, and behaving another.

Republican Stanley Blair, the distinguished House member from Erie County, returned to

his seat after renomination on both the Republican and Democratic tickets. He was double-nominated even though he had renounced his candidacy before the primary.

Now came reports that, as a last gesture in behalf of his party, Rep. Blair is being encouraged to renounce only the Republican nomination; thus, the nominee Republicans select could have a free ride in a district which has elected Blair 10 times, enough to make him the senior member of the General Assembly.

Meanwhile, the message of Rep. Benjamin H. Wilson, a Bucks County Republican, was totally lost in the crush as House members sprang for the gates after Nixon's speech. Rep. Wilson was trying to sell House members on "an increase in the traditional three-day legislative work week."

The House leadership, on both sides, had milked that one dry earlier this year with profound statements about the need to improve the legislative image.

The static was not limited to the Legislature.

The Governor appointed the director of his budget bureau as director of Pennsylvania's "Little Hoover Commission," a panel dedicated to initiating

economies in the State Government.

In his new capacity, the director gets a raise in pay from \$21,000 to \$24,000 a year, a creative way--to say the least--of getting an economy program underway.

A voice on the fringes of the government also was heard. Dr. (of social studies) Helen Wise, the president-elect of the Pennsylvania teachers' lobby, was explaining to a convention of future teachers the reasons why "teachers must act."

Dr. Wise arrived at her conclusion by way of Baltimore, where the teachers squeal on the janitors. There, she said, "during one winter... more than 100 school children were bitten by rats."

Clearly, if Baltimore gets rid of its rats, Pennsylvania's schools will flourish.

Choking in this thickened propaganda atmosphere of the Capital city, the State Chamber of Commerce conducted a Clean Air Conference here on Wednesday.

And to save the week, along came the Agriculture Department to announce there is a 50 percent chance of frost damage during May, in most areas of Pennsylvania.

Now there's a revelation a man can understand.

Stateline 'Open House' Slated for 8:30 Tonight

Stateline Speedway will hold its open house at 8:30 p.m. today. Drivers will be able to try the newly-surfaced track before the grand opening next Saturday.

The track management has hired an engineer to examine the clay soil at each track to determine the proper amounts of chemical ingredients to be mixed with the surface to obtain the hardest and fastest tracks in this area.

The engineer supervising the job feels the speeds of the autos will increase by at least 10 miles-per-hour over the top speeds of prior years.

There is no need to worry about the faster racing, however, for track work crew has checked each and every guard rail, wheel fence and cement wall for winter defects, repairing those which couldn't stand the weather, assuring spectators of the safest possible racing fun.

Stateline will be opening for its 13th season next Saturday at the usual time of 8:30 p.m. with the new cars once more headlining the program.

There will be a big change in the autos for this year as the management has worked cooperatively with the drivers to include cars with 8-inch wheel bases. This means several older sporty cars; including the Mustang, Javelin, Dart and

Camero, and several more will be able to compete.

The 1967 point champion Bob Schnars made a drastic change from a Chevelle to a new Javelin with a 390 cu. in. engine for this season. His car is manufactured by Rambler Division of American Motors and is sponsored by Hagelin Rambler of Lakewood, N.Y. The estimated cost of Schnars' auto alone is about \$4,000. Some of the features of the '68 Javelin built by the Schnars crew include "quick change gears," 10-inch Hoosier tires, and a \$1,200 engine.

Last year Schnars, in his No. 1, won six feature events, took five seconds and five thirds to be the circuit champion of the year. At the annual banquet held last fall in Erie, he was the star, receiving top point awards and a new 1968 Camero furnished by Berglund Chevrolet of Jamestown to be his own for one year.

Another favorite on the oval is Brockway's Squirt Johns. Johns was the ace runner-up to Schnars in points and this year is changing from a Chevelle to a Camero, probably running the lightest car on the circuit.

In 1967 he won four features, took six seconds and six thirds to be 40 points shy of Schnars' record. Johns might have been point champion if it weren't for a serious accident at Eriez

speedway on September 3, which demolished his race car, but left him unharmed. He managed to cop both Grand Championship races of the year on the Eriez-Stateline Circuit.

One racer that should prove to be red-hot on the track this season is Freddie Knapp. Knapp will be hitting a milestone in his racing career starting his 20th year behind the wheel.

Knapp will be lead-footing a big 396 cu. in. engine in a '68 Chevelle at the local track. The car is valued somewhere in the neighborhood of \$6,000. Cooperatively owned by Berglund and Shultz Inc., the auto has the unique feature of a 5-inch dual-exhaust system. Thus a kink in the oil line could really set up a smoke screen.

Many other new cars to keep an eye on this year include eight Cameros, at least four '68 Chevilles, two Fairlanes, two Dodge Darts, one Mustang, one Cougar and one Barracuda and many 1967 models. With new construction completed on the concession stands at the Speedway, service of food should be greatly speeded up and the quality of products highly increased.

Remember, although the opening night isn't until next week everyone is welcome to attend this practice night and get acquainted with the drivers and their cars early in the season.

Sporty Cars Are Style For 1968

Bobby Schnars, circuit point winner at Stateline-Eriez Speedway last year poses beside his 1968 Javelin which he will pilot this year on the local track. Schnars' auto carries a 390 cu. in. engine and is valued in the neighborhood of \$4,000. Practice night will be held this evening at Stateline at 8:30 where the fans can get acquainted with the cars and drivers for 1968. There will be no admission charge for tonight's event.

A's Beat Red Sox 'Catfish' Wins

BOSTON (AP) — Jim "Catfish" Hunter fashioned a five-hitter and drove in a pair of runs with a stinging double Friday night leading the Oakland Athletics to a 7-2 victory over the Boston Red Sox.
Reggie Jackson and Hunter each collected three hits as the A's mauled Boston pitching for 15 safeties.

After leaving five runners stranded in the first three innings, the A's scored three runs in the fourth off right-hander Jerry Stephenson, who was troubled after losing the contact lens from his right eye in the second.
Bud Harrelson ruined Hunter's shutout with a two-run homer in the ninth.

Parnelli Jones Quits Indy Because of Rules Change

INDIANAPOLIS, Ind. (AP) — Parnelli Jones resigned Friday from the Pratt & Whitney turbine engine car in which he led most of the 1967 Indianapolis 500-mile race and won't compete in the 1968 classic.

The engine had been reduced about one-third in size under new U.S. Auto Club rules, and the veteran Torrance, Calif., driver said he didn't think it had a chance in the May 30 event.

"I don't think I can win with this car except for a fluke. I don't depend on flukes. It is as simple as that," he said.

Jones, 1963 winner of the race, was stopped by a \$6 bearing

Season Opens On 4 Game Fish

HARRISBURG (AP) — Pennsylvania fishermen who like to battle the heavyweights will get their first opportunity of the year today with the opening of the season on muskellunge, northern pike, pickerel, and walleye.

The Fish Commission, pointing to the possibility of a record catch, said it has stocked waters throughout the state with the species, which rank as the largest of fresh water fish.
The season on all four species continues through May 14. The minimum size on pickerel and walleye is 15 inches with the daily limit set at six each. The muskellunge minimum size is 30 inches, while 24 inches is the smallest legal northern pike. The daily limit on each is two.

Jones' resignation and comments shored up Foyt's decision not to be stamped into a gas turbine car in spite of the miles he spent chasing Jones last year.

Foyt, defending U.S. Auto Club national champion, said, "I believe the turbine engine cars are at least a year away. I don't believe they've worked out

Gobbler Season Opens Monday

HARRISBURG (AP) — Pennsylvania's first spring gobbler season will start next Monday and run through Saturday.

The State Games Commission said special rules will apply for the experimental season. Only buzzard turkeys will be legal game.

Shooting hours will be from one-half hour before sunrise until 10 a.m. Turkey hunters must be out of the woods by 11 a.m.

The commission said hunting shall be by calling only; no organized driving, use of dogs or hunting from a blind will be permitted. Shotguns and bows and arrows are the only weapons allowed.

Since only one turkey may be taken by a hunter in any license year, any hunter who bagged a turkey last fall is prohibited from participating in the spring gobbler season, the commission said.

Coast Clashes

LOS ANGELES (AP) — Luis Alcaraz climaxed a three-run rally with a tie-breaking single in the sixth inning Friday night as Los Angeles defeated Cincinnati 4-3 before a Bat Night crowd of 50,506.

SAN FRANCISCO (AP) — Willie McCovey drove in two runs with a two-out single in the ninth inning, then stole second and scored on a single by Willie Mays to give San Francisco a 5-4 victory over St. Louis Friday night.

Forward Pass Favored In Kentucky Derby

LOUISVILLE, Ky. (AP) — Fourteen of America's finest 3-year-old colts, with Calumet Farm's Forward Pass as the probable favorite, are set to start in Saturday's 94th running of the Kentucky Derby.

The Churchill Downs handicapper figured Forward Pass, winner of the Florida Derby and Blue Grass Stakes, would be 5-5 by the 4:38 p.m., Eastern Daylight Time, start of the 1 1/4-mile classic.

Meantime, trainer Lou Cavalaris and his veterinarian, Dr. Alex Harthill, pronounced Dancer's Image fit after an early morning blowout of three-eighths of a mile in 37 seconds. Dancer's Image is plagued with ankle trouble, but Cavalaris said the son of Native Dancer returned from the work in good shape.

The colt stands in a bucket of ice water two hours a day.

Dancer's Image will start

from the No. 12 slot while Forward Pass comes out of No. 13, a spot that may cut into his odds.

Only C. V. Whitney's Gleaningsword, a 30-1 choice, starts from a position outside of Forward Pass.

Race experts say the favorite will have to run two lengths more than Iron Ruler, from the October House Farm, who is slated to go from the No. 1 berth.

Phillies Defeat Pirates On Ryan's Two-out Single

PHILADELPHIA (AP) — Mike Ryan's two-out single in the ninth inning drove in Philadelphia's winning run and the Phillies nipped the Pittsburgh Pirates 3-2 Friday night.

Rich Allen and John Briggs singled with two out in the ninth and Bill White walked, loading the bases against reliever Juan Pizarro. Ryan followed with his hit.

Gene Alley opened the sixth with a single and Manny Mota

forced him. Willie Stargell singled, moving Mota to third

and after Donn Clendenon struck out, catcher Clay Dalrymple threw wild trying to pick Mota off third and the run scored. Stargell, who stole second on the play, also scored on the error.

Tiant O's Twins, Fans Nine

CLEVELAND (AP) — Cleveland's Luis Tiant shut out the Minnesota Twins on three hits and Larry Brown slammed his first homer Friday night as the Indians defeated the Twins 4-0.

Tiant struck out nine in posting his third victory against two defeats. He gave up only singles to Rod Carew, Bob Allison and Cesar Tovar.

Brown hit his homer off the screen in left in the third to give the Indians their first run.

They added two more in the fourth when Max Alvis doubled, Leon Wagner walked, Tony Horton slapped a single past third base and Joe Azcue singled to center. Vic Davallito scored in the eighth on a wild pitch by Jim Roland, the fourth Twins' pitcher.

Detroit Loses, 6-5, Drops into Second

DETROIT (AP) — The California Angels rallied for three runs in the sixth inning off Detroit's Mickey Lolich and went on to a 6-5 victory that knocked the Tigers out of first place in the American League.

The loss, combined with Baltimore's 6-1 victory over Washington, left Detroit one-half game behind the Orioles, who moved into first.

The Angels got to Lolich, 1-1, for two runs in the third. Chuck Hinton drove in one run with a bases-loaded single and the other scored when Detroit third baseman Don Wert dropped Bubba Morton's two-out liner.

Lolich was knocked out in the sixth following run-scoring sin-

Yankees Win Beat Sox, 3-2

CHICAGO (AP) — The New York Yankees scored three unearned runs in the third inning when first baseman Tom McCraw committed a record-tying three errors and went on to defeat the Chicago White Sox 3-2 Friday night.

Sixteen Schools Enter 8th Annual YIM Today

The eighth annual Youngsville Invitational track meet will be held today at the Young-

ville High School. The meet will get underway with time trials and a few field events at 10 a.m. A total of 16 schools have entered the meet which will be dominated by Class A competition.

Although there is no class distinction in the meet the break down is as follows: Class A—Bradford Area, Warren, Old City, Kane, Rocky Grove, Corry; Franklin and McDowell, Class B—Eisenhower; Youngsville; North East; Harbor Creek; St. Marys; Sheffield; Port Allegany and Union City.

The Halgren Wilcox American Legion Post will again sponsor the meet and will furnish trophies to first, second and third place winners and ribbons to fourth and fifth place winners. Also trophies will be presented to the first and second place teams. Plaques will be awarded for the Outstanding trackman and Outstanding Fieldman.

An admission of 50 cents will be charged for spectators. The team favored for the meet will be the McDowell Trojans. The Trojans, newcomers to the Invitational, boast a tough well-rounded squad that has dumpt

ed both North East and Harbor Creek in dual competition this year.

In their meet with Harbor Creek the Trojans shattered two records. Dave Rose broke the triple jump mark with a leap of 42-feet 9-inches and Mike DeGeorge heaved the shot 52-feet 10-inches.

Rose, also the Trojan hurdler, cleared the highs in 15.8 and tied teammate Larry Conley with a fast 21.5 clocking in the 100s.

Mart's Early Burst Ends by the Close

NEW YORK (AP)—The stock market erupted in an early burst of enthusiasm Friday over the agreement between the United States and North Vietnam to open preliminary peace talks in Paris, but almost all of its big gain was wiped out by the close.

The market's initial reaction to a favorable peace development was typical of its performance since March 31, when President Johnson announced a limitation of the bombing of North Vietnam and said he would not seek re-election.

The Dow Jones average of 30 industrials shot up 11.91 in the first hour of trading, but by the final bell its gain had been whittled to 1.16 at 919.21.

Brokers said investors' spirits were dampened when Johnson followed up his announcement on the agreement on the peace talk site with remarks that this was just a first step and that his income-tax increase proposal faced rough going in Congress.

Volume for the session totaled 17.99 million shares, third-highest in NYSE history. It was exceeded on April 10, when 20.41 million shares were traded, and on April 3, when 19.29 million shares changed hands.

The Associated Press 60-stock average rose 1.00 to 329.8, another new 1968 high, with industrials up .5, rails up .8 and utilities up 1.1.

The New York Stock Exchange common-stock index gained 3 cents in the average price of a share.
